

Day 25 Exit Slip

Geometry Summer Credit | Mixed Review

Name:	Date:	Score:
-------	-------	--------

Directions

Name the tool and solve.

1.	Reflect A(-5, 7) across the x-axis.
2.	Two similar triangles have scale factor 3. The smaller area is 12. Find the larger area.
3.	A right triangle has angle 30 degrees and hypotenuse 18. Find the side opposite the angle.
4.	Which topic do you most need to review before the cumulative assessment: transformations, similarity, or trig? Why?
